**"FRIENDS OF SAVANNAH"
HOLD CASINO NIGHT**

A Casino Night was held on Oct. 23 at the home of Frances Chavez in Rosemead. "Friends of Savannah" is putting together information for a tour of Savannah Cemetery and Casino Night was held to raise funds for signs and brochures. There was a 50/50 drawing worth \$287.00 divided between the winner and the cemetery, There was Texas Hold'em and Blackjack as well as dancing. Frances prepared a delicious meal and fun was had by all. A total of \$560.00 was raised for the cemetery. Special thanks to Frances Chavez, Barbara Murphy and the Rosemead "Friends".

**PREGRA ARTIFICIAL GRASS
MAKES NICE DONATION TO SAVANNAH**

Pregra Artificial Grass of South El Monte installed their product at the base of the kiosk at the pedestrian gate on Valley Blvd. Thanks to Ashlyn Linville, Advertising Director for Pregra, the installation was done by them at no cost to the cemetery, and the materials were sold to us at less than half price (a savings of \$892.27). Thanks to a donation by Dwain Crum, no Savannah funds were required. It greatly improves the appearance of the area where nothing would grow due to lack of water being able to be provided to the area. For more information on Pregra, visit www.pregra.com.

Memorial Tree

An Australian Willow in memory of Jack Bezner, long-time caretaker of our beloved Savannah, has been planted. It is located at the front of the cemetery, near the large vault. Valley Monument is donating a bench, which will be placed nearby. Many thanks to everyone who donated to this well-deserved memorial.
